

WATER STORAGE – TRANSPORTABLE

POLY HIGHWAY

500 – 2,700 Litres

Poly water bowzers are a rugged solution for onsite water storage, equipment cleaning, plant watering, and dust suppression. Serving the applications of multiple industries, Poly water bowzers feature a galvanised frame and a padlock facility for a secure, long lasting bowser.

With capacities ranging from 500 to 2,700 litres, the Poly bowzers are designed for fully transportable use and specific models are Regulation 31 approved for drinking water.

FEATURES

LOCKABLE FACILITY
Tamper proof padlock facility protects contents.

ACCESS HATCH
Access hatch & drain for easy cleaning and maintenance.

GALVANISED CHASSIS
Rugged and durable galvanised chassis to prevent corrosion.

INTERNAL BAFFLES
Safe towing features with moulded internal baffle(s) and aerodynamic design.

SAFE TRANSPORTATION
Security/tie down points for safe transport.

EXTENDED CHASSIS
Extended chassis provides space for pumps and equipment.

IDEAL USES & APPLICATIONS

WATER SUPPLY

The Poly Highway Tow enables you to provide water supply anywhere you need it.

EQUIPMENT CLEANING

Clean your equipment onsite without having to travel back to your facility.

PLANT WATERING

Water plants easily with the Poly water bowser.

DUST SUPPRESSION

With the applicable accessories, the Poly can spray the ground surface with water to control and suppress dust.
